

FOLLOW UP ACTION BY SAWIE

**Presented by
Engr. Reba Paul, Joint Secretary and
Gender Coordinator, BREA**

- **More women should come into energy sector and SAWIE can work as a unique platform in this endeavour.**

- **SAWIE should also involve men for gender equity but initially women should be focused.**
- **SAWIE can share best practices among group members and demonstrate successful pilot projects on involvement of women in energy sector.**
- **SAWIE should continue sharing of knowledge and experience in promoting women in the countries of South Asia through such application workshop.**

Assisting the group members to catch up small grant fund of USAID SARI Energy for implementing their initiatives through their organisations as well as with individual efforts.

SAWIE should share knowledge and experience through its website and can develop e-discussion on any hot issues on energy.

It should follow group activities continuously for successful implementation of those within the time frame.

SAWIE can expand its time frame for action from six months to 1 year to get good outcomes.
